Andy,

Happy new Year! Here is a statement that you can use as you wish:

Elegance to Simplicity is the best catering firm we have used. It is now the only firm that we use. Andy and Jo Ann Schneider and their dedicated staff prepare delicious cuisine and provide outstanding service with a personal touch that is often missing with other catering firms. Many of our guests have asked the name of our caterers and we have given many references for Elegance to Simplicity. The feedback we have gotten has always been extremely positive.
