

To Andy and the staff at Elegance to Simplicity:

Thank you all so much for catering our reception recently at the Women's Service Memorial. As you know, it was a special event for our family, as it was to honor the life and military service of our mother, who was buried earlier that day at Arlington National Cemetery. Your professionalism, care, friendly service, and excellent food helped make the reception perfect. Our guests were well taken care of. All of them commented on how much they enjoyed the dishes you prepared. It was a bonus to find out your company is operated by military veterans. No wonder everything went so smoothly!

We will highly recommend Elegance to Simplicity to all our friends who may need an event catered in the future.

Regards,
Leta Hix & Family
